On May 10, 2016 The Chicago Community Trust convened residents across the Chicago area for the 3rd Annual “On the Table” conversations.

The Black Men and Boys Community of Practice (BMB CoP) project were invited to host a number of these conversations with black men and young black men. The BMB CoP reached out to partnering organizations that hosted participants that were struggling with success (e.g., unemployment, returning citizens). The hosts facilitated several conversations with groups ranging in size from half-a-dozen to thirty participants.

What follows, are comments from participants in the various discussions, both on and after May 10th.
